Perfil

I work with Front-End technologies such as **ReactJs**, **NextJs**, **Styled Components**, and **Wordpress**. As a communicative professional with a background in design, I bring a unique perspective to development, especially in projects involving visual art. Proficient in prototyping tools like **Figma** and image editing with **Photoshop**.

Histórico Profissional

- **Digital Growth**
Front-end Developer | UI Designer – 04/2023 ~ present:
Developed custom layouts for e-commerce websites, particularly on Mercado Shops, using Figma. Implemented the front-end within platform constraints using Handlebars, Javascript, and Tailwind.

- **Crypto Farms**
2D Artist | UX | UI Designer – 12/2021 ~ 04/2023:
Developed user interfaces with a focus on mobile devices, created conceptual art, designed mockups, and prototypes using Figma. Efficient team collaboration.

Conhecimentos

- Currently studying front-end web development with **ReactJS**, **Next**, **Javascript**, **HTML**, **CSS** using **Styled Components** and **Github.**
- UI/UX design with **Figma**, **Adobe XD** and **Photoshop**.
- Advanced English

Formação Acadêmica

Currently pursuing a Bachelor's degree in Information Systems | 2020 ~ 2025
